

## VOTE NO ON MEASURE P!

Don't be fooled by the smokescreen created by self-serving politicians who are trying to do nothing more than get a pay raise at taxpayer expense. Vote No on Measure P – The Pay Raise Measure.

Consider this, county supervisors already receive over \$99,000 a year in salary, plus healthcare benefits, a pension plan and a car. There is no guarantee that our Supervisors will even work a full 40-hour week. You pay, they play.

We would welcome an honest debate about term limits, but this measure is about greedy politicians trying to give themselves the largest raise in modern times.

Asking taxpayers to raise their salary and benefits package by 50% is the height of arrogance – vote NO on Measure P.
